Education

Bachelor of Computer Applications, BCA

Aditya Degree College
June 2017 - May 2020

Master of Computer Applications, MCA

Godavari institute of engineering and technology
July 2020 - June 2022

Technical Skills

- CSS3
- HTML5
- Responsive Web Design
- React
- JavaScript
- RESTful APIs
- Redux
- Express.js

Soft Skills

- Attention to Detail
- Problem Solving
- Teamwork
- Effective Communication
- Adaptability

Certifications

- Oracle Cloud Infrastructure 2023 AI Certified Foundations Associate
Oracle
- Oracle cloud Infrastructure 2023 Certified Developer professional.
Oracle
- Microsoft Certification for Azure Fundamentals (AZ-900) in 2022.
Microsoft

Nagasai Degala

Frontend Developer(React)

Professional Summary

Dynamic and adaptable Frontend Developer with strong proficiency in React.js and JavaScript. Demonstrates excellent problem-solving skills and attention to detail. Experienced in responsive web design and RESTful APIs integration. Quick learner with the ability to efficiently adopt new technologies, including Generative AI.

Experience

- | | | |
|--------|------------|---------------------------|
| Atos | Associate | November 2022 - June 2023 |
| Syntel | Consultant | |
- Collaborated closely with designers, product managers, and backend developers to translate project requirements into functional user interfaces.
 - Developed high-quality, reusable, and scalable code using React.js and related technologies ensuring cross-browser compatibility.
 - Conducted thorough testing and debugging of developed applications to ensure reliability and stability.
 - Optimized web applications for speed, performance, and scalability, while continuously improving development workflows and code quality.

Projects

Students Loan Company (SLC)

- JavaScript
- React
- Node.js
- HTML5
- CSS3
- Java
- Redux
- Enhanced user experience by implementing HTML5, CSS3, Bootstrap4, and React.js to develop responsive web applications, reducing page load time by 40% and increasing user engagement by 25%.
- Supported front-end developers by integrating their work with Java applications using IDEs like Visual Studio Code and Eclipse.
- Collaborated with team members, showcasing problem-solving skills by diagnosing and proposing solutions for development issues.
- Utilized backend technologies such as Core Java, Node.js, and Spring to support full-stack development.
